PRINCESS CORNEJO

SAP EWM QA Lead | ERP Quality Assurance | Manual and API Testing

Balayan, Batangas, Philippines | 0908 754 7839 | cornejoprincessv00@gmail.com
linkedin.com/in/princess-cornejo

PROFESSIONAL SUMMARY

Quality Assurance Lead with hands-on experience testing SAP Extended Warehouse Management and enterprise applications. Skilled in functional, integration, end-to-end, regression, release, user acceptance, API, web-service, and manual testing. Experienced in leading four QA professionals, preparing and reviewing test cases, coordinating execution, managing defects, assessing release risks, and reporting quality status to stakeholders. Familiar with Agile delivery, the software development life cycle, Scrum practices, and SAP ECC.

CORE COMPETENCIES

SAP EWM and SAP ECC testing | Test planning and test-case design | Functional and manual testing | Integration and end-to-end testing | Regression and release testing | User acceptance testing support | API and web-service testing | Defect reporting, triage, and retesting | Risk assessment and release readiness | QA team coordination and reporting | Agile, Scrum, and SDLC | Web-based application testing

PROFESSIONAL EXPERIENCE

Lead Quality Assurance Analyst | 2021 - Present

ShipERP | *Mandaluyong City, Philippines*

- Lead and coordinate testing activities for a team of four QA professionals while remaining actively involved in SAP EWM test execution.
- Prepare, review, and execute test cases and scenarios for SAP EWM and integrated enterprise workflows.
- Perform functional, integration, end-to-end, regression, release, and user acceptance testing to validate business requirements.
- Review system changes, identify testing impact and dependencies, and communicate quality risks and blockers before release.
- Document defects with reproducible steps, expected and actual results, evidence, and severity; coordinate retesting through closure.
- Test APIs and web services using Postman and SOAP UI and support defect tracking and reporting through Axosoft.
- Apply Agile, Scrum, and SDLC practices while collaborating through qTest, TestLodge, Trello, Slack, Google Workspace, and Microsoft Office.

Customer Service Representative and Social Media Moderator | 2025

Vanilla Numbers - Drivse.com | *Remote*

- Provided customer support through phone, email, and live chat and maintained a customer satisfaction rating above 90%.
- Resolved and documented customer concerns and moderated interactions across Facebook, Instagram, and X while following community guidelines.
